

SAHIL GOYAL 54183096204

PID NO: P11180389913
Age: 32 Year(s) Sex: Male

Reference:

Sample Collected At:
METROPOLIS HEALTHCARE LTD
DELHI
F-2, Block -B1 (Ground Floor) Mohan
Co-oprative Industrial Estate Mathura
Road, New Delhi -110044
Zone: OUT-01(OS)110044

VID: 11187319797

Registered On:
10/07/2018 07:22 PM
Collected On:
08/07/2018
Reported On:
16/07/2018 12:22 PM

Investigation

HTLV (I & II) virus Total *
(Serum,CMIA)

Observed Value

Non reactive(0.21)

Unit

S/CO

Biological Reference Interval

Non reactive: < 1.0
Reactive: >= 1.0
Please note change in
reference range and method.

Interpretation:

Human T cell lymphotropic virus type I & II (HTLV 1& II) antibodies indicate infection due to these viruses, which belong to the Retroviridae family.

HTLV I : Infection may progress to infective dermatitis, uvetitis syndrome ,HTLV I associated myelopathy (HAM), Adult T cell Leukemia/ Lymphome (ATL).

HTLV II: Plays a key role in certain neurological, hematological and dermatological diseases. Association with Hairy cell Leukemia is not clearly established. Presence of these antibodies (HTLV I & II) indicate infection and the individual is considered unfit to donate blood.
