

AJAIB SINGH

PID NO: P54190029758
Age: 62 Year(s) Sex: Male

Reference:

Sample Collected At:
DR VINAY KUMAR CHOPRA
KOS Diagnostic Lab, 6349/1, Nicholson
Road, Ambala Cantt, HRY 133001.
133001

VID: 54193329981

Registered On:
28/04/2019 04:09 PM
Collected On:
29/04/2019 8:05AM
Reported On:
08/05/2019 05:23 PM

Investigation	Observed Value	Unit	Biological Reference Interval
Vitamin C, by HPLC (Serum/Heparin plasma)	BELOW 0.5	mg/L	2-14

Medical Remarks: CORRELATE CLINICALLY.ADVISE REPEAT TESTING IF INDICATED

Note: Please note change in method and reference range

Vitamin C or L-ascorbic acid is an essential nutrient required for a range of essential metabolic reactions, collagen synthesis, wound healing & as an antioxidant agent. Well-known syndromes caused by vitamin C deficiency include scurvy & increased risk for atherosclerosis. In case of vitamin C deficiency, the body stores are consumed & depleted first, hence, the time required for onset of symptoms of deficiency can be variable depending on the baseline body stores & associated stressful / disease conditions.

Reports to follow - Kindly await following pending reports :

Investigation :	Status
Vitamin K1**	Recollect - Q.N.S
